

## How to **Upgrade, Edit or Remove** your submissions.

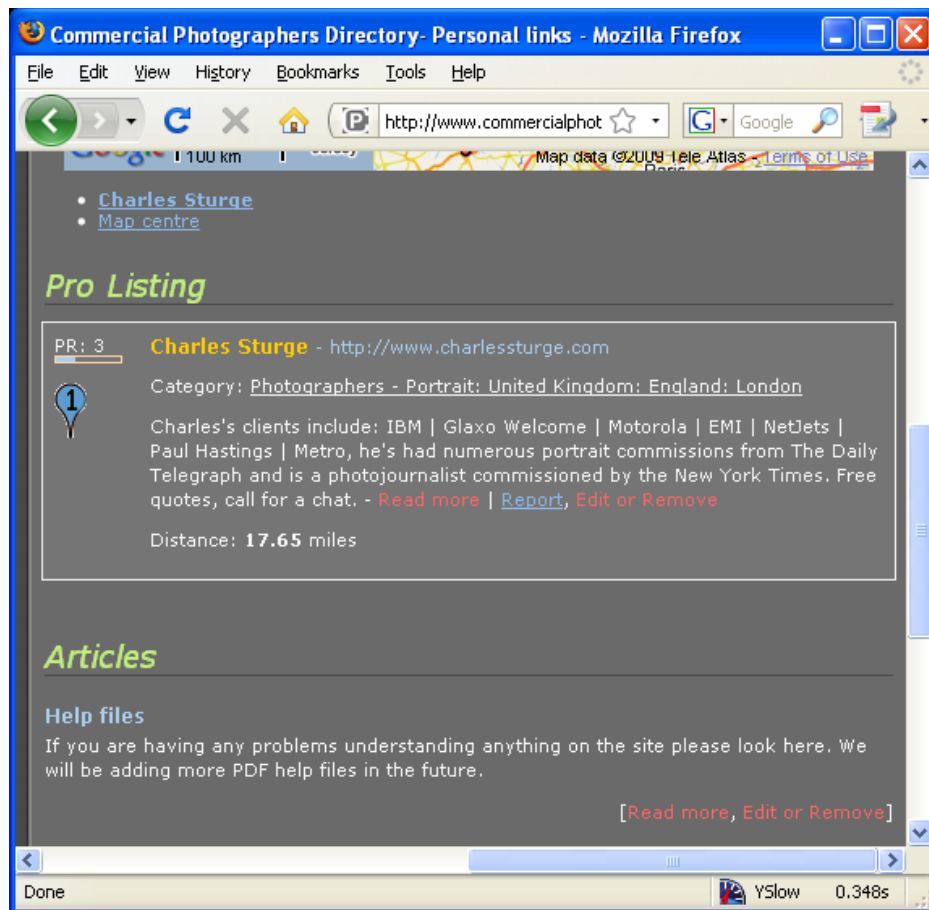

1. Your listing should be **visible in the directory**. If it is not this is because we have not had a chance to review yet. If you listing does not comply with the submission rules we will notify you.
2. **Login** using the username and password you supplied during registration. You will find the login page by clicking login at the top right corner of the site above Search.
3. Now for the part where people sometimes get **confused!**

If you can see this page you are logged in. Notice that on the main menu on the left there is now an option called **My Links**, click on this to see you submissions.

4. You will now see the links and articles you submitted and that have been approved, it should look like this. NOTE that at the end of the description is an option to **Upgrade, Edit or Remove**. Click on that link.

You will now be able to edit your submission and then resubmit it for fresh approval or mark it for removal.

5. Because it is being resubmitted for approval you changes **may not have immediate effect!**
6. Hope that our review team favour your changes, read the guide and all should be well!
